

Good evening. I am Gino Rankin. Karen & I have been here at the Hamptons since 2013 as full time residents. We are a blended family with 7 children and 18 grandchildren. The children and grandchildren are scattered from Charlotte, NC to San Jose, CA and cities everywhere in between. We are proud of each of them. One of our sons is career AirForce serving in Germany with his wife and 5 of our grandchildren.

I was raised in Michigan northeast of Detroit. After high school while I was going to college part time I worked for as a janitor and maintenance man for a local school district. I finished college with a degree in education. I was a teacher for 7 years in the Chicago suburbs and a principal in the Toledo, OH area. From janitor to principal was accomplished by the grace of God and my experience in the school of life.

From Toledo, we moved to the Cincinnati, OH area. There I worked in sales and became involved in plastics recycling as the Vice President of sales and operations. I've owned 3 businesses all in the plastics recycling arena. My current company is Suncoast Plastics, Inc. Negotiations and collaboration is a great part of my current business.

The collaboration part of my business has led me to become very interested in serving on the Hampton HOA board. I believe we have common interests as a community to move forward. Serving residents involves LISTENING, STRONGLY CONSIDERING YOUR IDEAS, & COMMUNICATING to move forward for the good of all. We need your feedback so we can gain fresh ideas – especially prior to voting on items.

Perhaps you've wondered what the HOA can really accomplish for our residents. We have a team of 4 that wants to make a positive difference. BRUCE EMMETT FRANK FORANT GREIG BERNARD & GINO RANKIN. We would appreciate your vote for each of us so we can listen, serve, and move the Hamptons in a positive direction for the future. It is our hope and goal that you will not ask yourself, "Why did we vote for these guys?" but rather say – "We are glad that we voted for these guys".
